

AI Search Is the New Google

And LinkedIn is the second most cited name inside it. Here is the data.

The study

Semrush analyzed 89,000 LinkedIn URLs that AI answers actually cited.

The stat

LinkedIn is the #2 most cited domain across ChatGPT Search, Google AI Mode, and Perplexity.

04 / 07

11% of every AI answer

More than one in ten AI responses pulls from LinkedIn. YouTube is not #2. A news site is not #2.

The engine split

ChatGPT 14.3% of answers cite LinkedIn. AI Mode 13.5%. Perplexity 5.3%.

Why this is your opening

AI now does the first search for millions of buyers. If you are not in the retrieval set, you never get considered.

Do this tonight

Publish source-cited posts weekly. Own one topic. Make every claim quotable in one line. Then save this breakdown.
