

The 3 Gates Every LinkedIn Post Passes

LinkedIn 2026.

02 / 07

Gate 1: The classifier

360Brew filters generic, templated content before any human sees it.

03 / 07

Gate 2: The test audience

A small group sees it first. Their saves, shares, and dwell decide who else does.

04 / 07

Gate 3: The golden hour

70% of a post's reach is decided in the first 60 to 90 minutes.

What it rewards

Depth, not applause. 10 saves plus 5 shares beats 200 likes.

06 / 07

What it punishes

External links in the body, and comments that add nothing.

Do this

Write for the test audience, not the whole feed. Save this.
