

The 2026 LinkedIn Carousel Formula

8 to 12 slides, one save-worthy idea.

The format

Carousels earn about 1.39x the reach and 1.30x the engagement of other formats.

03 / 07

The length

8 to 12 slides is the sweet spot. Under 5 slides costs you 35% of reach.

04 / 07

One idea

A carousel is one idea told across slides, not five ideas crammed together.

05 / 07

The swipe

Every swipe is a dwell signal. Keep the reader moving to the last slide.

06 / 07

The end

Last slide is the save prompt. Ask once, clearly.

Do this

Plan your next carousel as 8 slides around one idea. Save this.
