

GEO Is Being Cited

Generative engine optimization means content structured to be quoted by AI.

Quote the Answer

State the direct answer early, in your own voice, in one paragraph.

Stand on Facts

Numbers, sources, and named claims get lifted into AI summaries.

04 / 07

Structure for Extraction

Short sections, clear headings, and plain language help engines quote you clean.

Stay Fresh

AI answers lean on recent sources. Update the page and it gets picked again.

Earn the Mention

When an engine needs a name to trust, make sure it has yours.

Tonight: Rewrite Your Intro

Put your answer in the first paragraph. Save this.
