

The Offer Stack

Lead with a 500-1,500 audit. Turn the proof into a monthly retainer.

02 / 07

Audit the Pain

Find the business problem the client feels, not the AI feature you like.

03 / 07

Name the Cost

Pitch the result first: what breaks, what it costs monthly, what the fix saves.

04 / 07

Sell the Retainer

The audit closes the gap. Retainers of 1,500-3,000 a month follow the proof.

Scope the Boring Task

Pick one repetitive workflow and remove it. That is the real deliverable.

Ship Every Week

Weekly wins keep the contract alive and the client happy.

Your Move

Package one audit this week, then pitch one business. Save this.
