

The 30 Day Calendar

Four themes, three posts a day, formats that rotate. Nothing reads as a repost.

02 / 07

Pick Four Themes

One theme per week keeps the feed on-topic and searchable.

03 / 07

Post Three a Day

Batch the writing once, then drip the publishing across the day.

Rotate the Formats

Carousel, cheatsheet, take, poll. One idea, four containers.

05 / 07

Track the Saves

One simple chart: saves, comments, DMs. Feed the winners.

06 / 07

Batch on Sunday

Write the week in one sitting and the habit runs itself.

Your Move

Copy the calendar, fill your four themes, post your first three. Save this.
