

The 30 Day Engine

90 posts in 30 days. The goal was volume, the lesson was compounding.

02 / 07

Play Money First

Test formats on low stakes before you risk a reputation on them.

Ship on Volume

Volume teaches the algorithm and the writer at the same speed.

04 / 07

Watch What Saves

Saves and DMs beat likes. They are the money signals.

05 / 07

Double the Winners

The top 10 percent of posts carry the month. Double them.

Review Weekly

Scroll the numbers once a week and kill what is not earning.

Your Move

Run your own 30 day play money block, then review it. Save this.
