

Profile as landing page

Headline, featured work, one CTA. Optimize it like a page that sells.

The headline names the client, the result, and the offer in one line.

Featured slots hold your best carousels, not your oldest roles.

One clear CTA beats a menu of options every time.

Proof must be visible in five seconds, not five clicks.

Update the profile when the offer changes, not every Friday.

Comment "PROFILE" for the checklist.
