

The per-unit gig list

Short turnaround, clear scope, paid per unit.

Data prep pays per clean dataset, not per hour.

Fix-and-rescue jobs pay well because the last vendor failed.

Content packs sell as ten posts, one brand, one flat price.

Name the unit in the listing and the scope fights stop.

Short gigs build reviews fast, then you price up.

Comment "GIGS" for the list. #gigwork #ai
