Model 1: Audits

You review how a business uses AI and hand back a prioritized plan. Low build, fast cash.

03 / 07

Model 2: Automation builds

You implement the workflows. Higher ticket, needs delivery skill.

04 / 07

Model 3: Productized service

A fixed offer, delivered repeatedly. Scales with systems, not hours.

05 / 07

Model 4: Content and ghostwriting

You sell the distribution, not the tool.

06 / 07

Model 5: Training

You teach a team to use what they already bought.
