

YouTube Is a Search Engine

AI pulls answers from video too. 2.9K people search this topic alone every month.

Titles Are Queries

Title your video like a search query, because that is exactly what it is.

Chapters Are Structure

Chapters give AI a clean outline of everything your video covers.

Transcripts Feed AI

Your spoken words become searchable text for indexers and assistants.

First 30 Seconds

Al summaries lean on your opening, so say the answer early.

Consistency Wins

A channel that answers the same questions gets cited more often.

Your Move

Add chapters and a real transcript to your best video today. Save this.
