

Buyers Research in Answers

The B2B pre-sales journey now happens in AI chat. 2.2K searches a month for this topic.

02 / 07

Research Comes First

Buyers vet options in answers before they ever open your site.

Named Numbers Win

Case studies with real figures survive the AI filter better than adjectives.

Expert Voices Matter

Quotes and named authors get cited where anonymous copy does not.

05 / 07

Structure for Extraction

Short, direct answers lift cleanly into AI summaries.

Feed the Funnel

Answer early-stage questions to control the shortlist.

Your Move

Rewrite one case study with named numbers and save this.
